Hondo seems to have a housing problem on its hands. There are quite a number of people seeking residences, but they or not to be had, and apparently some families that are anxious settle here will be forced to go elsewhere. If some one having a little idle money on hand would build a few houses they would have no trouble finding tenants for them.

**MEXICAN WOMAN SHOT.**

Armina Torres Sandoval is dead as the result of a pistol wound received at a Mexican dance on the H. R. Bailey farm last Saturday night, or rather early Sunday morning.

The Mexican people of the neighborhood were having a dance at the home of one of the tenants on the Bailey farm and from all accounts whiskey was flowing rather freely. Manuel Sandoval became incensed at an attendant at the dance and drew his pistol. His wife grabbed the pistol in an effort to stop the trouble and in the struggle for possession of the weapon it was discharged, the bullet striking the woman in the abdomen, passing through and coming out just above the hip, she receiving the wound about 3:30 Sunday morning. Sheriff Bader and deputy sheriffs C. J. Bless and Chas. Schuehle went to the scene of trouble. Dr. Smith was called, rendered first aid and the woman was conveyed to the city hospital in San Antonio where she died about 10:00 o'clock Tuesday morning.

The officers found considerable evidence of whiskey at the place, and made some arrests for intoxication. The Sandovals were out from San Antonio and had been picking cotton in the neighborhood. However, it seems there is a well founded suspicion that Manuel Sandoval found bootlegging more profitable than picking cotton and had kept the community pretty well supplied with the article proscribed by the Volstead act. As his wife exonerated him from all blame for the shot that cost her life the officers allowed him to accompany her to the hospital, but a charge of unlawfully carrying a pistol and bootlegging was filed against him and the officers of San Antonio were notified to arrest and hold him for Medina County as soon as the funeral was over. He will be brought back here and held for Grand Jury investigation.

**CITATION BY PUBLICATION.**

**THE STATE OF TEXAS,**  
To the Sheriff or any Constable of Medina County—GREETING: YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, Anita Luna de Nira, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo on the 20th day of October, A. D. 1924, then and there to answer a Petition filed in said Court, on the 16th day of September, A. D. 1924, in a suit numbered on the docket of said Court No. 3044, wherein Salomon Nira is plaintiff and Anita Luna de Nira is defendant.

The nature of the plaintiff's demand being as follows, to-wit:

Plaintiff alleges that he is, and has been, for a period of twelve months prior to exhibiting the petition herein, an actual bona fide inhabitant of the State of Texas, and has resided in Medina County for at least six months next preceding the filing of this suit. That during the month of March, 1922, in Medina County, Texas, the plaintiff was lawfully married to the defendant then a single woman by the name of Anita Luna, and that they thereafter continued to live together as husband and wife for a period of about four months, when the defendant gave birth to a baby; that after said baby was born the defendant proceeded to give the baby away and then permanently deserted and abandoned the plaintiff, since which time they have never lived together as husband and wife. Plaintiff avers that during the time that he and defendant lived together as aforesaid he at all times was kind and affectionate towards her, always performed his marital duties as a true and loyal husband should perform them, that he provided a good home for said defendant and kept her supplied with all of the necessities of life and that he is in nowise to blame for her conduct and desertion. That defendant is now living in adultery with a man by the name Leon Reyes, and has been continually living with him since about the 1st day of August, 1924. That defendant's conduct in disposing of their child, her subsequent desertion, and present living in adultery, have caused this plaintiff great mental suffering, and are of such a nature as to render their ever living together again as husband and wife, insupportable, the premises considered. That said marriage relations continue to exist. Wherefore, plaintiff prays the court that defendant be cited to appear and answer herein and for a judgment dissolving said marriage relations, for costs of suit, and for further relief, general and special, in law and in equity, that he may be justly entitled to.

HEREIN FAIL NOT. And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo this, the 17th day of September A. D. 1924. Issued same day.  
(L. S.) AUGUST KEMPF,  
Clerk District Court Medina County, Texas.

## WE SHOULD SUPPORT THE DEMOCRAT TICKET STRAIGHT.

The Democrats should vote the ticket straight in the November election, because they pledged themselves to support the nominees of the primary.

Art. 3096, Vernon's Statutes, 1920, contains, among other things, the following pledge, taken by every Democratic voter at the primaries:

"I am a Democrat and pledge myself to support the nominees of this primary."

This statutory pledge has been made this year. In the first primary, there being nearly a dozen candidates for Governor, no one hesitated to make or thereafter abide by the pledge. In the second primary, there were only two candidates for any office. I knew who they were and what they stood for. I knew that I was giving my word to vote in November for one of the two, and could not then know which one. I knew as much about each then as I know now. I made my choice and repeated my pledge to support every successful candidate of the "runoff."

In making this pledge by the act of voting, I entered into a compact with every Democrat in Texas who voted at that primary to abide the result. There was no compulsion about it. I made it voluntarily, and knew what I was doing. The law has prescribed no penalty for violating that pledge, and nobody can compel me to keep it. The sole and only question that presents itself at the forum of my conscience is this: "Will I make my word good in November?"

There has nothing happened since the "runoff" which would release me from my obligation to support each of the nominees. Let us be good sports and keep our pledge in toto from John W. Davis on down.

GROVER C. MORRIS,  
Ass't. Atty. General.

## A DEMENTED MEXICAN.

A man, unable to give his name or where he came from, is in the Hondo Jail. The Sheriff's department was notified of his presence on the Ilse farm near D'Hanis, last Saturday and was requested to come and get him. Apparently he is a perfect stranger in the section as no one as yet has identified him. His dementia seems to be a very harmless type. He complains all the time of being in pain, but this is probably only one of his illusions. He does not remember his name, where he came from or the names of any of his people—in fact his mind seems a perfect blank.

## FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 176 borrowers, with \$688,480 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5½ per cent interest and 1 per cent 33 year amortization repayment plan. Thirty-three thousand Texas farmers have taken advantage of this system of borrowing over ninety million dollars. Why not you? You may borrow for any purpose provided for in the Act, as a farmer only.

## JOSEF SCHLICHTER PASSES AWAY.

Josef Schlichter died at the home of his step son, Charles Krenmueller, below Dunlay at four o'clock, Sunday, October 5, 1924. His body was interred in the Hondo Cemetery Monday afternoon. Prof. W. N. Saathoff conducted a brief funeral service at the grave.

The deceased was an aged man, having been born in January 1843. He had been a very vigorous, active man up until recently when he failed rapidly from the infirmities of age. He was a native of Bischofsfeintz, Austria. In 1874 he married Mrs. Antonia Krenmueller and in 1890 came with his family to America and settled in Medina County where he continued to reside until his death. He had no children of his own, his wife died in 1900, and he is survived in this country by no relatives save his step son, Charles Krenmueller, and family.

A quiet, unassuming man, he was not widely acquainted; but happy and content with the few intimate friends he had, he went his way a peaceful, law-abiding citizen of the land of his adoption. He died at peace with the world, owing no man ought of ill-will and needing the forgiveness of none. Surely, then, our faith must be well founded when we believe and hope that—  
"All is well with the departed."

territory and over all kinds of roads. The only mishap was a blown out tire just a few hours before the end of the run.

There were a great number of guesses from all over this territory and varying greatly. No one guessed the exact mileage—909.7 miles—or the exact amount of the gas consumed—31 gallons. J. G. Newton won on both scores, tying with Guy Stewart of Utopia, for first prize on the mileage. Their guess was 906 miles. By agreement, the tie was broken by the judges flipping a coin and the first prize went to Mr. Newton while Mr. Stewart took the second. The nearest guess to the gasoline consumed was won by Miss Adah Crabtree with a guess of 30 gallons. Mr. Newton was the next nearest guesser, but as he could receive only one of the checks offered, he waived the second prize on the gasoline and held his chance on the mileage. This entitled his next nearest competitor to the second prize on the gasoline and it went to Miss Ethel M. Roberts on a guess of 32 gallons and 5 pints.

This performance of the Overland motor proves that these machines are equipped with a splendidly adjusted mechanism and one constructed of durable material. One can buy an Overland in confidence that it will stand up well under hard service. This test proved that.

Two Serious Accidents Near Devine Friday.

Roy Hudspeth, a young man about 35 years of age, of Bryan hunting birds with a party from San Antonio, was very seriously hurt by an accident gun shot, from his own hand, about four o'clock Friday afternoon, at the Hester farm on the highway below town. An entire charge of bird shot from an automatic shotgun struck Mr. Hudspeth in the face, about the nose and eyes. He was hurried to town by his companions, received first aid from physicians here, and hurried in an ambulance to San Antonio. He was bleeding profusely from the face and mouth and the doctors were afraid it might prove very serious, if not losing his life, perhaps one or both eyes. It seems that the gun, an automatic, became unmanageable firing four shots in quick succession, kick out of his hands and on the ground, the last of the four shots at close range striking him in the face.

Henry Isbell, while bailing hay at the Louis Schott farm above town, got his arm caught in a hay press about 5 o'clock, badly mashing and mangle the upper arm. He was rushed to town by Zeno Foster and others working with him, and surgeons had to take several stitches to sew up the gashes cut in the arm by the cogs of the machine. It was a very painful affair and while no bones were thought to be broken it will be several days before he can use the arm in any way.

C. E. Haskell Seriously Injured in Wreck.

C. E. Haskell, the motorcycle officer, was seriously hurt, last Wednesday night, at about 11 o'clock, when his motorcycle failed to make the short curve coming south at the Chicon bridge on the highway, and he was thrown into the creek. He sustained a broken leg mid-way between knee and hip-joint, and was badly bruised otherwise. He was unable to get up and fired his gun empty and cried for help; but being down in the creek failed to attract attention of any one and remained until about daybreak when he was found in a very serious condition. He was brought to Devine and local physicians gave first aid after which he was taken to San Antonio by J. R. Stroud, and Sims Halliburton in his big car, accompanied by his wife. He is a young ex-service man. His mother and sister and his wife's people live in San Antonio.
